

# PLASTIC EXTRUDER GUN WIN 600F

## PRODUCT INFORMATION

### Plastic Extruder Gun WIN 600F

The extrusion welding gun has 360-degree rotating welding nozzle. It is easy to operate, stable in performance, and capable of continuous welding with large extrusion volume. It is suitable for welding PE, PP, PVD and other hot melt plastics.

## SPECIFICATIONS

Model	WIN 600F
Rated Voltage	230V
Frequency	50/60HZ
Extruding Motor Power	1200W
Hot Air Power	3400W
Air Temperature	20-620 Adjustable
Extruding Volume	2.0-3.0kg/h
Welding Rod Diameter	Φ3.0-4.0mm
Driving Motor	FEIJ
Body weight	7.5kg
Warranty	1 year
